

April News

Registration

We have a few open spots in some of our classrooms for the 2024-25 school year.

For those who are registered for our summer camp, watch for a packet to be sent home in May regarding information and special happenings taking place throughout the summer.

Information regarding the 2024-25 school year will be mailed in July.

Spring is here!

With warmer temps arriving (hopefully soon), keep in mind that our mornings tend to be chilly. Dress your child appropriately. Gym shoes are required when playing on the playground. Sunglasses can sometimes be a safety hazard. Please do not allow your child to bring them to school.

School Physicals

If your child is due for their annual check-up, contact the office for a physical form to bring with to your appointment. All school physicals are good for 2 years.

Children entering Kindergarten in August are required to have a new physical before their first day of Kindergarten. A dental and eye exam is also required.

Summer time is a great time to schedule these appointments.

Upcoming Events

Vision & Hearing Testing-April 2
Chick Eggs Arrive-April 24
