Community Helpers are people in the community that help others. For the next two weeks, the children will learn about different community helpers and their jobs.

Craft and Writing

The children will be making community helper hats and other crafts related to our theme.

They will also write about the community helper they wish to be when they grow up.

The nickel and quarter will be introduced. A nickel is worth 5 cents and the face of Thomas Jefferson is on the coin. A quarter is worth 25 cents and the face of George Washington is on the coin. Don't forget to ask your student about these fun facts. Subtraction by 5's will also be introduced.
