Mammals is a fun week and we will be doing a few activities at our desks about different types mammals.

## Concept

Lots of number review this week! As we are starting our addition lessons we will be counting a lot! I have mini erasers we will practice with. These are also used in class for sorting and patterning.

I'm excited to start introducing money. This week we will look at pennies.

To go with our mammal theme we will discuss what makes a mammal different from other animals. We will take a look at our animal section of our science shelf for guidance.
