Theme: Shapes

Week 3/4

Introduce: oval & rhombus

**Concept:** In concept we will be playing a shape seriation game sorting by shape and size. Oval and rhombus will be added to our daily review.

**Language Arts:** We'll have fun learning a flannel board story "Sally the Square" and a puppet play "I'm a Giant Triangle." We will learn a finger play about a circle and continue with our daily review.

**Art:** We will be working with pattern papers of different shapes. The children will have fun coloring, mosaicing and watercolor painting. We will sponge paint an oval and a rhombus, and have fun with play dough!

**Motor:** This week we'll practice our throwing skills by throwing a bean bag onto a mat with all the shapes we have learned. When the bean bag lands on a shape we will try to identify it. We will brush up on our favorite sports during ball play by kicking and shooting into a net and hoop.
