

Two's News

Welcome
Spring

April 1-5 Week 34 Topic: Spring

Bits of Intelligence: World Wildlife
Introduce: action words: run, jump

Language Arts: We are so excited to welcome Spring! Many songs and books will help us prepare for the changing season. Ms. Stephanie will have a new Spring picture file, which features various Spring photos that we will discuss as a class.

Concept : We are so excited for the Spring theme in Ms. Leah's class! With the weather warming up we will discuss different springtime activities as well as clothing by dressing Mr. Frog. The children will explore spring by going on nature walks outside and collecting items for our science table. Other activities will include color matching butterflies to flowers, counting bumblebees and sequencing how flowers grow.

Craft and Writing: At the beginning of the week, Mrs. Nicole will discuss the many changes we expect to see with springtime weather. To coincide, the children will welcome Spring with butterflies and flowers. We will be awaiting warmer weather as we make a sun!

Motor: Now that the snow has melted away, we hope to get our little running feet outdoors again. We will celebrate the arrival of our new season as we dance around waving colorful scarves.

Spring Pictures: April 10th
