Welcome back from Spring Break! I hope everyone enjoyed their time off and is ready for the last two months of our academic school year!

Language Arts

Our unit on the farm will conclude this week. We will talk about the many types of machinery found on the farm and how they are used to help the farmers with their crops and animals. Our work with contractions will continue as well. This time, we will focus on contractions with are. This includes we are, they are, you are, & why are.

Math & Science

Over the next few weeks, we will work on the numbers 1 -20. We will work on matching the number to the written form. We will also start reviewing addition and working on word problems. We will discuss our new season and its many wonderful changes in science. The students will learn that spring means warmer weather, more hours of daylight, and a time of new life.
