Theme: Birds

April 29, 2024

We love hearing the birds sing and watch them fly in the sky!

This week we will be exploring the life of a bird!!

Have a great week!

Mrs. Paula, Mrs. Karen, Mrs. Donielle

Embryology Update!

The chicken eggs have been in the incubator and are in development.

Expected arrival date is May 15.

We will monitor this process every day.

Language Arts: Our stories will include "My Chickens Lay Eggs", by Sherry Culin and "The Quiet Egg" by Dianne Aston. We will enjoy listening to different bird songs.

Concept: The children will be introduced to birds and other animals that hatch from eggs. We will also discover how a bird builds their nest.

Craft & Writing: Our papers this week will include Ww & Xx, ten frames, color and count, and rhyming word worksheets. We will end the week creating a birds nest craft activity.

Motor: We will fly like a bird through a mini obstacle course and hula hoop path. Let's continue our spring training skills by throwing, catching, and hitting a ball. **Go Team Noonan's!**

Important Info

May 18-Spring Show

May 27 -Memorial Day, center closed

May 31-Last day of school
