

Our Five Senses

Introductions: Gg

Grouchy: Easily annoyed or angered

Bits of Intelligence: World Wildlife

**Monday: Touch Day**

The teachers are ready for this fun filled week. Today we will be fingerprinting, sorting hard and soft toys, using only our hands to figure out what is in the mystery box, and taking a sensory walk.

Tuesday: Taste Day

Today we are going to find out what certain fruits taste like. We will play kitchen toys and talk about good and not good tastes. We will also be stamping with vegetables.

**Wednesday: Hear Day**

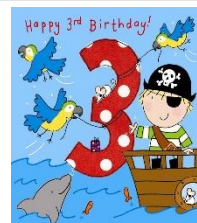

The children are going to really enjoy today as we marble paint, use our musical instruments to play our favorite songs, use sound boxes to match sounds, and find out the difference between loud and soft sounds.

Thursday: Smell Day

Today we have smelly jars prepared for the children to decide which scent smells the best. They are sure to enjoy painting with Jello.

**Friday: See Day**

As we close out this busy week, the children will get to go on a nature walk and a color hunt. We will look at things through a magnifying glass and play I Spy. Looking at books and painting with vinegar and baking soda are sure to be a big hit!

Happy Birthday!

Cillian Compton 4-19
Caleb Rivera 4-20
