

## Lockport

Weeks 36 & 37 April 15 -26, 2024

Plants/Gardening/Flowers/Earth Day

INTRODUCING: Ww and Xx

### LANGUAGE AND READING:

Spring is here and with that comes flowers and plants growing. We will sing songs and read books pertaining to plants and gardens. We will learn the parts of flowers and plants and what they need to grow. One of the stories we will read is "The Tiny Seed" by Eric Carle. The students are also going to get a lesson on Earth Day. We will learn all about reduce, reuse, and recycle! Of course, letters Ww & Xx will be added to the "Amos" song.

### CONCEPT:

We will find the answers to how plants and flowers grow as we discuss germination with the children. We will explore different seeds and plant our very own grassy yard. We have new flower jobs to add to the shelves. We will explore the playground and add Ww & Xx jobs to the shelves.

The children will get to plant seeds and we may have a fun flower changing color experiment to enjoy.

### CRAFT AND WRITING:

Our little artists will be busy printing the 2 new letters being introduced. We are going to use play doh and have the children make flowers from it. We will also have some beautiful flower art work.

### PARENT NOTES:

Happy birthday to Deacon!

Star Student: Kallie

Picture day is on Thursday, April 18. Dress to impress!

Earth Day is on April 22. Please dress your child in blue and/or green to represent our Earth.
