

Lockport Nursery Newsletter

Week 37 April 22–26, 2024

Birds and Earth Day

INTRODUCING:

9 & 10

LANGUAGE AND READING:

The children are going to learn all about protecting our planet Earth. We will learn about reduce, reuse and recycle! We have a very fun book to read called Michael, Recycle.

We are also going to discuss birds. We will learn all about birds and their characteristics.

The children are doing a wonderful job with their letters. We know Aa—Ff.

CONCEPT:

We will take the students outside to go on a scavenger hunt for bird nests this week. We will see the different materials that birds use to make nests. We will also make binoculars to go bird watching. Also, during concept, the children will learn how to separate garbage based on materials that can be recycled. We will clean up the yard when we go outside as well.

CRAFT AND WRITING:

We are really going to get a chance to explore colors this week due to the beautiful colors of many birds. We will even get to make our own birds. The children may have an opportunity to make a bird feeder. On Monday, we will have an Earth Day project to enjoy.

PARENT NOTES:

We will celebrate Earth Day on Monday, April 22. Please dress your child in blue and/or green to represent our Earth.

Please be sure to empty your child's book bag every day.

Do not forget to sign up for Summer Camp if you have not done so.
