

Lockport Pre-Kindergarten News

Weeks #35 & 36 April 9—April 19, 2024

Farm

INTRODUCING:

We are going to review all that has been taught this year. No new introductions at this time.

LANGUAGE AND READING:

Old MacDonal had a farm, E-I-E-I-O. Over the next 2 weeks, we will discuss all the wonderful things that happen and that are on a farm. We will learn about farmers and their chores, farm animals and things that grow on a farm. Many stories and finger plays will be enjoyed.

The fable of The Grasshopper and the Ants will be read and discussed.

We will also discuss the solar eclipse.

CONCEPT:

In concept the children will be learning so much about farm life. We will be sorting farm animals, matching baby farm animals to their mommy's and comparing and contrasting the animals. We will have a sensory bin and learn all about the incubator.

In science, we will make rubber eggs. We will use vinegar, food coloring and raw eggs.

CRAFT AND WRITING:

We are continuing to review with many readiness papers. We are working on proper pencil grips, taking our time and making our work neat. We will have some fun farm animal crafts to make including a diagram of the life cycle of a chick.

PARENT NOTES:

We are going to begin our Embryology and Incubation Unit on Wednesday, April 10.

On Thursday and Friday (April 18 and April 19) we are going to have spring pictures.

Earth day is on Monday, April 22.
