

Lockport Pre-Kindergarten Newsletter

Week 37 April 22–26, 2024

Garden and Earth Day

Please have your child dress in blue and green for Earth Day on Monday, April 22.

LANGUAGE AND READING:

We will be discussing what can be planted in a garden and what is needed for a plant to grow. We will learn plenty of fingerplays and songs relating to this topic. I have also found many books to enhance the topic as well. The children have been working hard on learning the difference between short and long vowel sounds. This week we will practice short vowel sounds and sounding out CVC (consonant-vowel-consonant).

CONCEPT:

This is a going to be a very fun and busy week in concept. The children are going to learn all about recycling as we discuss ways to take care of our earth. We will each plant some seeds in hopes to watch them grow. In science, the children will get to experience a pollution experiment. We will continue to work off the shelves and practice counting by 2's, 5's and 10's.

CRAFT AND WRITING:

The children have proven time and time again how good they are at printing, cutting with scissors and coloring. We are very proud of their hard work. We will continue to print our names and work on readiness papers. We have some fun gardening projects to work on and we are also busy working on Mother's Day gifts.

PARENT NOTES:

Please clean out your child's folder and book bag daily.

Our eggs are developing right on schedule. With luck, we will have baby chicks on the first of May!
