

# Junior Journal

Week 35: Farm April 8<sup>th</sup>-12<sup>th</sup>

Vocabulary:

*Tedious*: long and tiring; boring

*Tremendous*: notice or advice given before a danger or bad result

Bits of Intelligence: Musical Instruments

Introduce: Uu & Vv

**Motor**: The path activity this week will include children hopping like a bunny, the tunnel, hula hoops and blocks. The children will practice dribbling and will then play basketball.

**Language Arts**: We will explore the farm with many theme related books. The song “Old Mac Donald” will be sung, in spirit of our farm theme. Uu and Vv will be added to our phonics board. A new review game will be fun for the children when they have to guess which letter is hiding in the barn. Ms. Jen has many new farm animal flannel board stories she can’t wait to share with the class.

**Concept**: Mrs. Sam will discuss what goes on at the farm in the springtime as well as different animals that can be found on the farm. We will begin counting by 2’s as we clap to a pattern. A friendly farm animal will help us estimate distance.

**Craft and Writing**: Lots of farm related pictures are on the agenda. Our two new letters will be reinforced this week. The farm theme lends itself to many fun arts and crafts. Save room on your refrigerator!
