

SUMMER CAMP NEWS

Weeks 7 and 8: July 22- August 2, 2024
Theme: A Need for Speed

Summer Camp flew by, and these last two weeks the children will really be on the go with our final theme, A Need for Speed. All things transportation will be explored.

Language Arts:

The children will learn that transportation is the means of getting from one place to another, and see that there are many different ways to do this. Travel by land, water, and air will be discussed. Books, songs, and poems will be enjoyed by all.

Concept:

We will be counting forwards and backwards, as we count the wheels on vehicles, or count off as a rocket ship blasts off. We will also be using a variety of building materials to make vehicles, and roads for them.

Motor:

We will be speedy quick this week, as we race like a car, float like a boat, and soar like an airplane.

Craft and Writing:

Transportation themed crafts will have the children using all of our art materials.

STEAM:

Magnetic cars, zooming vehicles, and tube racing will have the children geared up for these weeks.

Happy Birthday!
